NAB LARABEE BUT WILL DROP CHARGE

STATE SAYS ELMO MAN FORGED NAME—SHERIFF ARRESTS.

PROSECUTOR SAYS HE WILL DISMISS CASE

County Officials Announces Larabee Will Be Exonerated Saturday. One Civil Suit Against Him.

W. M. Larabee of near Elmo, charged last fall with several high finance stunts, but most of which later were compromised, was arrested late yesterday afternoon by Sheriff Edwin Wallace and brought here on a state warrant charging him with forgery. Larabee gave bond of $500 signed by Elmer Hamilton, near Elmo, for his release pending trial in circuit court here.

The specific act, which Larabee is charged with committing, in violation of the state laws, is in giving a note for $1,000 to the Nodaway Valley bank of Maryville, and signing the name W. M. Honan, as security without Honan's knowledge or consent.

Later Larabee paid $750 on the note and about a month ago, Mrs. Larabee paid the balance due, according to bank officials.

Dismiss the Case Saturday.

The affidavit against Larabee was made out by George Pat Wright, former prosecuting attorney, and the warrant issued by Justice W. L. Johnson sometime ago, but the arrest of Larabee was held up pending his return to this country, he having fled to Canada, it is said.

He returned to his home near Elmo, March 13, according to his statement to Sheriff Wallace yesterday. He has been recently employed on the farm of Hamilton Brothers, where he was arrested yesterday.

Though Prosecuting Attorney W. G. Sawyers had nothing to do with the case, at that time, he informed Justice Johnson this morning the forgery case against Larabee would be dismissed Saturday when Larabee's preliminary is to be held, as the note has been paid and delivered.

Of the several suits brought in circuit court here last fall, against Larabee or in which he was involved, only one now remains on the docket, it is said. That is a suit brought by the First National bank of Shenandoah, Ia., which holds a note for $1,250 against Larabee.

Larabee owns a farm of 70 acres in the northwest section of Lincoln township.

OFFER TWO SCHOLARSHIPS

School Board to Give Two High School Courses to Best Rural Student.

A resolution to offer one four-year scholarship and one two-year scholarship in the Maryville high school, to the rural pupils in Nodaway county, who make the best and next best grades, was adopted by the school board at its monthly meeting Saturday night.

The resolution carries the provision that the county school superintendent shall furnish the board the names of the pupil in any rural school, who made the highest grade for the term, and the one getting the next highest grade.

The regular rate for high school course is $3 a month or $27 per year which would mean a saving of $108 to the one receiving the best grade and of $54 to the one making the next to the highest grade.

While this offer has been made unofficially by the board, heretofore, no formal action ever has been taken. The pupils in the high school this term, who profited are Miss Hester Deneen, four-year scholarship, and Miss Marie Turner, two-year course.

Miss Alma Nash went to Kansas City yesterday to spend a few days on business.

'AD' CLUB IS FORMED HERE

Twelve Publicity Men Associate to Advance Work. To Hold Regular Meetings.

The Maryville Ad Club. Yes, its a brand new organization but it shows that Maryville is right in line with other live cities in having one.

The new club here is affiliated with the Associated Advertising clubs of the world, an organization that now has more than 10,000 active members among the leading cities of this and other countries.

It is the aim of the Maryville Ad club to systematically study advertising and publicity in all of its forms and to develop new ideas that may be of benefit to its members in their different lines of business. The membership of the club is limited to those who are interester in th estudy of advertising and merchandising.

Regular meetings are to be held and a course of study in advertising and merchandising has been obtained from the national organization. Talks will be given by the different members on advertising subjects as they pertain to their particular business. The club expects to bring a number of publicity and advertising experts to Maryville to lecture.

New ideas developed by the Associated Advertising Clubs of the World have been a big factor in increasing the business of the communities in which they are located. As a result of the co-operation of the merchants of Neosho and the Ad club there some highly important results have been obtained.

Through special advertising features developed by the club members the trade on advertised sale days has been increased 52 per cent and the trade on regular Saturdays has been increased 9 per cent.

The club here expects to increase its membership by a representative from each concern in Maryville. There are now twelve active members.

They are: W. R. Jackson, L. B. Tracey, William E. Jones, O. N. Gingrich, W. L. DeHart, A. J. Luppold, Albert Kuchs, Walter Todd, Magnus Tate, J. F. Hull, Edgar B. Rhodes and E. E. Barrett.

O. N. Gingrich, advertising manager for the Democrat-Forum, has been appointed delegate by the local Ad club to the state meeting to be held in Columbia, May 7.

REV. LOVE CONDUCTS REVIVAL

Former Burlington Junction Pastor, Launches Campaign in St. Joseph Church.

The Rev. J. W. Love, pastor until a month ago, of the Christian church of Burlington Junction, began an evangelistic campaign this week, in his new charge, the Wyatt Park Christian church, St. Joseph. The prime object of the services is to get the new pastor and the congregation lined up shoulder to shoulder in the church work.

Mr. Love will conduct services each night.

M. E. CHURCHES INDEPENDENT

Appellate Court Decides Conference Cannot Control Physical Property.

A ruling that the actual physical property of a Methodist church is under the control of the church and not under the jurisdiction of Methodist church conference has been upheld by the appellate court in Chicago.

The appellate court upheld the superior court which maintained the distinction between a Methodist church and a Methodist church building. The decision affects more than ten thousand Methodist churches in the United States, the aggregate value of whose real estate holdings is more than $30,000,000.

Moved to Allen Residence.

Mr. and Mrs. M. L. Beattie moved Saturday to the home of Mrs. Beattie's parents, Dr. and Mrs. Allen, where they will be located until their new home on West First street is completed.

Ed Hamlin Ill.

Edward Hamlin is critically ill at his home on West Seventh street with pneumonia.

INTEREST YOUTHS

POULTRY ASSOCIATION OFFERS FREE EGGS FOR SETTING.

MUST ENTER LOCAL FAIR

Boys and Girls of Nodaway Between 12 and 16, Entitled to Regular Prizes, Also State Specials.

Boys and girls of Nodaway county between the ages of 12 and 16, inclusive, may have one setting of eggs free and be eligible to compete by payment of the regular $1 entrance fees next fall, in the annual poultry show of the Northwest Poultry Association, according to announcement made today by Judge J. H. Sayler, secretary. The show will be held this year the first week in December.

This plan to donate settings of hen eggs to boys and girls who will compete at the shows, was adopted two years ago, but was dropped after that year, no such provision being made last year. It is hoped now to revive the action for all future shows. The only requirement is that the boy or girl will agree to enter not less than a trio of birds, from those eggs or others at the annual show.

State Offers Prizes Too.

This will entitle them to compete for any cash prize or premium offered by the association, to which "grown-ups" are entitled to compete. In addition to this, the state poultry association has agreed to offer special awards to the boys and girls, in each county where shows are held, so that it will really be of greater interest for the youths to enter fowls, than it will be to the adult contestants.

Unlike two years ago, however, where settings of eggs were distributed by haphazard methods to any and every child, it is required this year, that any boy or girl between the ages of 12 or 16 years, may have a free setting of between 13 and 15 eggs, providing they make application to the secretary, Mr. Sayler. Application forms will be furnished for this.

It is urged that the applicants specify what variety of eggs they desire and where and when they want them. When possible, such kinds of eggs as they specify will be sent them, but in case this is impossible, then other eggs will be sent.

To Enter Fowls at World's Fair.

To provide eggs to the boys and girls, each pure poultry breeder in the association is urged to furnish at least three settings for the purpose, but only on order from the secretary.

Another action that will do much to stimulate interest in poultry culture, is the provision by the last state legislature appropriating $100 to each county poultry association to aid them in promoting the industry and offering of prizes.

The state also has made provision to pay the transportation charges of $1,700 for the shipment of a car of thoroughbred poultry to the Panama-Pacific exposition at San Francisco, contributed by breeds of Missouri. This shipment will soon be assembled at Kansas City.

Judge Sayler, W. H. Crawford and John S. Gross are intending to take advantage of this offer.

Judge Sayler returned last night from a meeting of poultry raisers at St. Joseph.

IOWA COUPLE WED.

First License Issued for Week, Issued —Report Annual Dull Period at This Time

Ralph H. Bowen and Cavy Bandiwater, both of Greenfield, Ia., were granted a license to marry late yesterday afternoon in the recorder's office.

This is the first license to be issued since March 22. It is said the usually dull period of Cupid's work is about this time of the year, through the effects of spring fever, but that the marrying business begins to pick up as soon as the buds begin to swell and the birds begin to sing.

To Visit in Omaha.

M. C. Guinn and daughter, Mary, of Bedison, left this morning for Omaha, Nebr. Mr. Guinn went to attend a fine stock sale, and his daughter will visit with her aunt, Mrs. C. L. Anders.

Returned to Whitesville.

Charles Beattie of Whitesville, has returned to his home after a few days visit in Maryville with his sister, Mrs. George Jackson.

Burris Family Moving.

W. A. Burris and family are moving this week from 107 North Buchanan street to the Mrs. W. W. Byers property on South Buchanan street.

ELECTION RETURNS.

The Democrat-Forum will receive the township election returns at the office soon after the polls close at 6:30 o'clock tonight. These will be announced both by bulletin and by telephone on call.

PICK CONTESTANTS TONIGHT

Five Girls and Seven Boys Would represent High School in Normal Declamatory Contest.

A preliminary contest will be held in the auditorium of the Washington school building tonight beginning at 8 o'clock, to choose the pupil who will represent the Maryville high school in the declamatory contest of the North west Missouri high school at the Normal April 23.

Seven boys and five girls already have entered their names for representation, according to W. M. Westbrook, city school superintendent. This will necessitate an elimination contest among the boys, preceding the preliminary, as it is provided that only five boys and five girls, shall compete in the preliminary.

The choice of a pupil to represent the high school in the track meet April 24 at the Normal probably will be made April 9. The athletically inclined students are working hard this week in the high school gymnasium, but will transfer their activities to the Normal court next week.

DEFER EDUCATIONAL MEETING.

Parents and Teachers Will Not Gather Friday Night—Meet Soon.

The meeting of the Parents-Teachers association, which was to have been held in the Washington school auditorium Friday night, has been postponed indefinitely on account of other school activities. The meeting probably will be held next week.

PROF. LAIRD DEAD.

Former Resident of This City Died at Coffeyville, Kan.

Word was received here of the death of Prof. Knudly I. Laird, formerly of this city, who died Saturday, March 20, at his home in Coffeyville, Kan. The funeral services were held the following Tuesday at the family home and the body interred in Elmwood cemetery, Coffeyville.

Prof. Laird was a musician of exceptional ability and was head of a studio in this city for a number of years. He wen to Cofeyville about fifteen years ago.

TO HOLD ALL DAY MEET.

Hopkins Presbyterians in Annual Business Session Next Thursday.

The annual congregational meeting of the Hopkins Presbyterian church will be held Thursday, April 8, and will be an all day session.

Preaching services will be held at 11 o'clock a. m. with sermon by pastor, the Rev. J. H. Weaver. At noon a basket dinner will be served to which all the members and families and their friends are invited.

At 2 o'clock in the afternoon the business meeting will be called and the affairs of the church for the year out in order.

Schuler to Christian Church.

Prof. H. B. Schuler, who has been organist and director at the First Presbyterian church, will leave there May 1, and take the direction of the First Christian choir. Miss Ola Smith has been employed as organist at the First Christian church and took up the work Sunday.

Mrs. Phillips at Hospital.

Mrs. Ned Phillips, of St. Joseph, who has been visiting in the city, the guest of Mr. and Mrs. A. Hardisty, is at St. Francis hospital, where she underwent an operation for appendicitis, yesterday.

St. Joseph Guests Leave.

Dr. and Mrs. A. E. Logan and children of St. Joseph, returned to their home yesterday after a visit in this city with Mr. and Mrs. Aaron Felix and family.

Tuesday Night 8 p. m.

Loyal Daughters at First Christian Church present in Living Pictures

THE BACHELOR'S DREAM

Silver offering will be received—All Invited.

DEMOCRATS LEAD

UNOFFICIAL REPORTS PLACE TILTON AND ROBEY AHEAD.

VOTE IS LIGHT THOUGH

Some Farmers Coming in This Afternoon However—Much Scratching Being Done in Some Wards.

The Democrats are leading by a small majority in the Third and Fourth wards of the city in the township election being held today for filling the several offices for the next two years. The race between the two parties is close in the First and Second wards and much scratching is being done by both Democrats and Republicans.

For collector W. L. Robey was leading at 2:30 o'clock this afternoon in the Fourth ward over C. L. Gann, republican candidate, had a slight lead in the Third ward, was tied with Gann in the second and was slightly behind the Republican candidate in the First ward.

For assessor E. E. Tilton is leading his Republican opponent in each of the four wards, it is reported. The majority is good in the Third and the Fourth wards, and material in the other two it is said. In the Fourth wards at 3 o'clock this afternoon he had fully two-thirds of the votes cast.

For trustee, Frank Smith, Democratic candidate, was leading E. C. Curfman by a slight majority, though much scratching for this office, was being done by both party adherents. In the Fourth ward Bolin was ahead of Curfman by forty-five votes at 3 o'clock.

Robert Jones and Dick Snyder are running pretty close everywhere for constable, it is said, though Jones, also leads as other Democratic candidates in the Fourth ward, where he had a majority of about fifty.

Little scratching is being done for members of the township board or for justice of the peace, though it looks as though A. A. Wiley, Democrat, and Miles Nicholas, Republican, were leading for township board.

The total vote by wards at 2:30 o'clock this afternoon was: First ward, 220; Second, 172; Third, 178; Fourth, 271.

Most of the vote this morning was cast by townspeople, though a great many farmers are casting ballots this afternoon. The number of farmers continues to grow.

The vote for township offices in the other fourteen townships of Nodaway county, also is in progress today. Everywhere the report comes that the vote is light and some scratching is being done.

IS VICTIM OF TYPHOID.

Mary Roselius Succumbs to Three Weeks Illness.—Body Taken to Corning.

Miss Mary Roselius, aged 16, the daughter of Mr. and Mrs. A. E. Roselius of Corning, Mo., died at six o'clock last night at St. Francis hospital, her death following a three weeks illness with typhoid fever.

Miss Roselius had been in Maryville this winter attending the Normal. She resided at the home of Mr. and Mrs. R. G. Allan, 422 West Third street, Short funeral services were held at 8 o'clock this morning at the Allan residence, conducted by the Rev. S. D. Harkness, pastor of the First Presbyterian church.

A number of the Normal faculty members acted as pall bearers. The body was taken to Corning, where the funeral services and burial will take place.

Miss Roselius was a niece of Mr. and Mrs. W. C. Pearson of this city. The body was accompanied to Corning by the parents, a sister, Miss Lillian, an aunt, Miss Peeler, all of whom have been in the city during the girl's illness, Mr. and Mrs. Pearson and Miss Katie Allan of Maryville.

Mrs. Trullinger Builds Home.

Mrs. Cora Trullinger has begun the erection of a new nine-room house on her lot at 308 South Fillmore street. The house already on the lot has been torn down to make place for the new building.

Employed at Haines.

Edward Condon, who has been in the employ of the Robinson Shoe company of St. Joseph, began work this week at the Haines Dry Goods store.

CUT NORMAL FUND BY $15,000

Regents and Normal President Confer With Governor on Appropriations

Democrat-Forum, Maryville, Mo., March 30, 2:30 p. m.—Board of regents of the State Normal school are required to hold $15,000 the state appropriation until revenues justify release.

W. A. Blagg.

Prof. Ira Richardson, president of the State Normal school, and W. A. Blagg, president of the board of regents were summoned to appear before Governor Major at Jefferson City today relative to a proposed reduction in the various state school appropriations made by the last legislature. Both President Richardson and Mr. Blagg left last night and will probably return at noon tomorrow.

Governor Major will spend tomorrow in going over appropriations for the various penal and eleemosynary institutions of the state, and today will hear the heads of the various educational institutions relative to possible reductions in appropriations.

It is not believed by Senator Anderson Craig, however, that there will be any material reduction here, as the only fund provided for additions or improvements, was $10,000 for farm buildings and improvements. The total appropriation for 1915-1916 was $162,320.

In fact, it is Governor Major's intentions to only get the promise of the educational heads, to refrain from using any special funds, until they are released by his order. In this way, while there may be no direct cuts, the state will be protected ,that in case the appropriations exceed the revenues certain portions of the appropriations can be cut.

MANY HEAR REV. HARKNESS

First Presbyterian Pastor Attracts Crowd by Series of Sermons.

Last night's meeting at the First Presbyterian church was well attended and gratifying interest is being shown.

This evening at six o'clock the Presbyterian business men of the city will lunch together at the Merchant's Cafe. They will assemble at the office of the Curfman Lumber company where a ten minute prayer service will be held preceding the luncheon and personal workers conference.

The Rev. S. D. Harkness, pastor, will take for his subject tonight, "What Is Conversion?" The service will begin at 7:45 o'clock.

Last night the Rev. Mr. Harkness chose as his text Pilate's question, "What Shall I Do With Jesus Who Is Called Christ?" He began by saying in part:

"This is every man's question and there is no neutral ground. What shall I do with Jesus in the face of my need? All the money, fame, honor and culture that the world can give, leaves us conscious of an elemental need before which human ministries stand powerless.

What shall I do with Jesus? That depends on His attitude toward me. Is He too busy to be bothered. Is He cold and disdainful? No, He comes as a suppliant with the words, "Behold I stand at the door and knock. If any man will hear my voice and open the door, I will come into him, and sup with him, and he with me." The question demands an immediate decision. We may try to doge the issue as did Pilate, but even though we pay Him the tribute of finding "no fault in Him" even though we declare that we are "innocent of the blood of this just man," we crucify the So nof God afresh when we reject Him."

MAY INTERN GERMAN SHIP

Prinz Fdiederich Eitel Case Will Be Disposed of Today, Reported.

By American Press.

Newport News, Va., March 30.—A disposition of the German cruiser, Prinze Friederiche Eitel, which has been here for sometime, will be known today, according to government announcement. It is generally believed that the German vessel will be interned

Another Would Be Councilman.

Edward Dragoo, electrician for the Maryville Electric Light and Power company, announced today his candidacy for city councilman, from the Second ward in the election Tuesday, April 6.

BULGARS OFFERED CESSION FOR PEACE

TURKEY WOULD GIVE TRACT FOR ITS NEUTRALITY.

DROP BOMB ON BRIT WARSHIP IN AEGEAN

Constantinople Reports Seaplanes Damaged Allied Vessel Outside Dardanelles—Can Hold Straits.

By American Press.

Paris, March 30.—The Athens correspondent of the Havas agency declares he has received from diplomatic sources a confirmation of the report that Field Marshal Von Der Goltz, of Germany, has been authorized by Turkey, to offer to Bulgaria that part of European Turkey lying to the west of a line drawn from Enos, in the Gulf of Thasos, to Mida, as its new boundary in exchange for Bulgaria's neutrality in the war.

It has been reported that Bulgaria was on the verge of war for sometime and has been making preparations in military circles. Turkey in turn has been training soldiers along the Bulgaria-Turkey border and fortifying the frontier against a possible Bulgarian attack.

By American Press.

Bucharest, via Paris, March 30.—Field Marshal Von Der Goltz, in an interview given out while on his way to Berlin, after the conference relative to Bulgaria's neutrality, expressed confidence that the Dardanelles could be held against the attack of the allied fleets of England, France and Russia.

By American Press.

Constantinople, via London, March 30.—An official statement issued here today, by the war office says:

"One of our sea planes has dropped bombs on a British warship cruising outside of the Dardanelles, in the Aegean sea."

MORE TROOPS TO BORDER

Government Follows up Dispatch of Artillery, with Additional Forces to Brownsville, Texas.

By American Press.

Washington, March 30.—More United States troops are being rushed to the Mexican border today, to protect the damage of any American property or the endangering of any American lives as a result of the Mexican battle across from Brownsville, Texas.

More troops are being held in readiness at Texas City, that additional forces may be concentrated along the Mexican border if it becomes necessary

ITALIAN TROOPS TO AUSTRIA

Several Regiments Move to Tyrolese Frontier to Face Austrians.

Special to the Democrat-Forum.

Geneva, March 30.—Italian military headquarters, it is reported here, has ordered several regiments stationed near the Swiss frontier, with bases at Como, Varez and Brescia, to move toward the Tyrolese frontier where Austrian troops have been concentrating in the last fortnight.

HOSPITAL SECRETARY ILL.

Fred Hornkill of St. Joseph Seriously Ill With Pneumonia.

George B. Baker, a member o fthe board of managers of the state hospital No. 2 at St. Joseph, has received word of the serious illness of Fred Hornkohl, secretary of the board, who is sick with pneumonia and in a critical condition. Mr. Hornkohl has been secretary of the board for the past fifteen years and is well known to many people in this city.

Fatty, Mabel and the Law, a Keystone comedy at the Empire Tonight.

Some Facts To Consider

A good reliable and efficient bus line is a big asset to a city. Everybody admits that.

In the years that I have conducted the bus line in Maryville, I have spared no expense to make it the best in the state, in a town of anything like the size of Maryville. Traveling men will tell you this is so. And at the same time I am making a less charge for transportation than is made elsewhere where the service is not anything like as good.

I have always furnished service that you could rely upon, and have given fair treatment at all times.

I have always considered it a pleasure to accommodate my patrons in anyway possible.

I conduct my bus business in a careful manner, having in mind always the safety of my passengers, and my service has been free of inconvenience or accident.

Maryville is entitled to a good, substantial, reliable bus line. In fact, such a line is indispensable to the city's needs. It is up to the people to say by their patronage, if they will maintain this high-class service at a moderate cost.

Harve Bainum

Notice

A general election will be held in the City of Maryville, County of Nodaway, State of Missouri. TUESDAY, APRIL SIX, Nineteen hundred Fifteen (1915) for the purpose of electing One Alderman from each ward and also a city collector to fill the unexpired term of S. G. Selecman deceased.

M. NUSBAUM

FALABA AND AGUILA SUNK

150 Die as Fast Submarines Sink Fleeing Britons.

SPEED VAIN IN BOTH CASES.

Admiralty Announces That 140 Survivors of Fast Steamer Picked Up, Eight of Whom Die Later—Dutch Steamer Strikes a Mine.

WAR SUMMARY

Fast and powerful submarines of the German navy have torpedoed two more British steamers in the waters adjacent to the British Isles. Both steamers, the Falaba and Aguila, took to flight at the sight of the submarine, but were speedily overhauled, with the result that both vessels were sent to the bottom, with a loss of life estimated at between 140 and 150.

Only a few minutes were allowed the passengers and crews to put off in the boats, and according to the survivors, the Germans turned their guns on the captured ships, and thereby added to the loss of life by shell fire.

Russians continue their drive toward the plains of Hungary, with the Austrians apparently being forced back on the western mountain front, but with the aid of the Germans holding their positions on the eastern line.

Germans have taken the town of Tauroggen, which has changed hands several times, while on the front west of the Niemen river the Russians report that the Germans' counter offensive has been stopped everywhere.

Germans have bombarded the towns of Nieuport and Nieuport-Bains in Belgium.

London, March 30.—About 150 lives were lost in the sinking by German submarines of the African liner Falaba and the British steamer Aguila bound from Liverpool for Lisbon.

The Falaba, which was torpedoed in St. George's channel, carried a crew of ninety and about 160 passengers, and of this total only 140 were rescued. Of those rescued eight died later from exposure.

The Aguila had a crew of forty-two and three passengers, and of these twenty-three of the crew and all the passengers were lost.

In both cases, on sighting the submarine, the captain tried to escape by putting on all speed possible, but the underwater craft overtook the steamers, showing that Germany now has some of its most modern submarines engaged in the blockade operations against England.

The admiralty announces that 140 survivors of 160 passengers and ninety members of the crew have been picked up. Eight of these died afterward.

Twenty-three of the crew and three passengers of the Aguila, torpedoed by a German submarine, are missing according to the admiralty statement which follows:

"Twenty-three members of the crew and three passengers are missing from the steamer Aguila.

"The Dutch steamer Amstel, a vessel of 853 tons, when on a passage from Rotterdam to Goole, England, struck a mine in a German mine field off Flamborough, Yorkshire, England. The crew has been landed in the Humber by the Grimsby trawler Pinewold.'

Three of the Falaba's lifeboats were swamped. Many persons aboard the vessel were thrown into the sea, where they struggled, while the submarine circled around offering, according to stories told by those rescued, no assistance. A fishing boat appeared on the scene and saved 140 of the passengers and crew. Captain Davis of the liner was picked up dead. Eight other bodies were recovered.

The survivors relate that the liner was seventy miles to the southwest of Milford Haven when the submarine appeared. It called to the captain of the Falaba to heave to, but he ignored the order and promptly started at full speed ahead. The liner was a fast craft and for half an hour the chase was kept up before the submarine overhauled it and compelled it to stop.

Mrs. Burkham Daughter of Campbell

St. Louis, March 30.—The appointment of John S. Leady as administrator during litigation over the estate of James A. Campbell, was overruled in the circuit court here on an appearance before the probate court appointing Mr. Leady executor of the estate instead of the Mercantile Trust company, named in the will. The circuit judge, in giving the decision, said Mrs. Lois Campbell Beckham was the daughter of James Campbell.

Falls in Clinch and Later Dies.

Steubenville, O., March 30.—In the first round of a fight between Clyde Sharp, Steubenville welterweight, and "Special Delivery" Tully of Pittsburgh here, Tully fell unconscious after a clinch and died shortly afterwards in a hospital. Sharp was arrested.

Hayward Named by Whitman.

Albany, N. Y., March 30.—The nomination of Colonel William Hayward of New York, formerly of Nebraska, as a member of the down-state public service commission was sent to the senate by Governor Whitman and referred to the finance committee.

CATTLE, HOG MARKET GOOD

Heavy Eastern Demand, Account of Quarantine Regulations at Chicago, Help Missouri River Points

Kansas City Stock Yards, March 29.—In the cattle market last week heavy steers sold barely steady, medium weights strong to 10 higher, light steers, yearlings and good to choice heifers, 20 to 40 higher, cows 10 to 20 higher, stockers and feeders strong to 15 higher.

Today with a supply of 10,000 head, the same lines are drawn, the market ranging from a shade higher on butcher grades and stockers and feeders to 10 lower on heavy steers. Prime heavy steers are quotable up to $8.50 but the best here in the last week brought $8.35, top yearlings $8.50. The bulk of the heavy fed steers with good finish to sell at $7.50 to $8.00, plain heavy steers, $7.25 to $7.50, choice cows up to $7, fancy heifers $8.25, bulk of the good heifers around $7.50 and choice veal calves $9.50 to $10.50.

Beef pulp steers sold today at $7.15 to $7.50, to both killers and feeder buyers, and beef pulp bulls at $5.35 to $5.50. Panhandle feeders sold at $7.25 to $7.85, weights from 900 to 1,100 pounds. Quarantine steers sold at $6.80 to $7.20, about 10 lower than last Thursday, offerings today composed of cake fed steers from Texas weighing 930 to 1,200 pounds.

Shipments of stockers and feeders from here last week amounted to 11,000 head, two thousand more than during the same week a year ago. In a few words, the general market is weak on weighty killing cattle, strong on light weights, butcher grades, and stockers and feeders.

The hog market made good gains at theh close of the week, account of extraordinary shipping demand to Eastern killers. Chicago is unable to send hogs East, account of quarantine regulations and surplus orders are being filled here, making this market 15 to 20 cents above Chicago and other Missouri river points during the last week.

Receipts today are 11,000; market 5 lower to order buyers, 5 higher to packers, top $6.85, although a car load of 120 pigs brought $6.95, bulk of sales $6.85 to $6.80.

Sheep and lambs changed very little last week, the market slow on most days, due to continual efforts of buyers to get the stuff cheaper. Receipts are running light here, total today is 8,000 head, market about steady, top lambs $9.75, bulk of the lambs brought $9.50 to $9.75, bulk of the ewes $7.50 to $7.70.

Spring lambs brought $12.50 today and a choice lot of Texas springers brought $15.00 last week, a record price for lambs from Texas. The mutton market is due for an advance, although bad outlet at Chicago and weak biding has its influence on other markets.

The use of Gold Dust is second nature in millions of homes

Gold Dust really *works.*

It does the work the fingers and wash cloths and mops and brushes cannot possibly do alone—and it does the work easily and quickly and thoroughly.

Millions of women know that Gold Dust does the hardest part of the work of washing dishes, scrubbing floors and cleaning woodwork.

But not *all* of these millions of women have yet realized *all* of the helpful uses of

GOLD DUST

Give Gold Dust your full confidence. It cleans and brightens *everything.*

The active principle of Gold Dust —the valuable antiseptic cleansing agent—is so remarkably thorough that you literally rinse away the dirt, grease and grime.

Gold Dust cleans metalwork, nickel, enameled ware, etc., without scratching or marring, and leaves a newness, brightness and sanitary cleanness.

Gold Dust is indispensable and inexpensive—

5c and larger packages sold everywhere.

"Let the GOLD DUST TWINS do your work"

ONE CAUSE OF RAIL WOES

Freight Rates on Rice Used In Beer Inadequate and Irregular.

Chicago, March 30.—Low freight rates said to be now prevailing on rice used in the manufacture of beer, and known as brewer's rice, were held partly responsible for an unprosperous condition of the railroads in testimony given at the hearing of the western rate case.

J. D. Youman, chief clerk of the traffic department of the New Orleans and Northwestern road, asserted that the present rate schedules on brewer's rice shipped from the southwest is inadequate and irregular. He said the proposed increases on 100 pounds of 10½ cents to Kansas City, 5 cents to St. Louis and 1½ cents to Chicago and Milwaukee were intended to equalize the rates so that all the destinations would be on the same relative basis.

Cross-examined by Luther Walker, attorney for the packers, Mr. Youman asserted that rates to Dubuque, Ia., and Lincoln, Neb., would actually be reduced in the proposed readjustment. This would be due, he said, to a transfer of this product from a classification to a commodity rate basis.

SOCIETY AND CLUBLAND

KATE SCHENCK

Phones—Office 42 Home 688

A Club Recipe.

"Take a whole heartful of enthusiasm and dilute with common sense. When the alkali of the enthusiasm unites with the acid of common sense in a foaming mass, stir up quickly then add spices, womanliness, tact, humor, broadmindedness and talent, with a dash of difference of opinion. Next, take a dozen fresh committees and beat them up well, beat them until they are stiff enough to stand alone then toss them in, throw in your afternoon programs, not too full, for there must be room for them to swell with animated discussion.

"Take two parts of desire for a larger living, or what we term culture, and two parts of intelligent interest in the vital questions of the day, mix with enough sociability to make a light sponge and set carefully away to rise. When it has risen, to about twice the natural size, add some carefully picked officers, and directors washed in the waters of self sacrifice and plentifully dredged with perseverance. Now add one part of civic work or as much as your town requires and one part of philanthropic activity for sweentening and cream it up enough with enough of the milk of human kindness to make a smooth batter.

"Lastly add flavoring, Robert Browning, optimism, though some prefer Emerson's, now beat the whole up well with individual effort for on this, the whole club depends. When thoroughly beaten into a large vessel of opportunity, set for one and a half or two hours. The time depends on the temperament manifested. Test with a splint from the broom of experience. The splint must come out clear and shining. When at just the right stand make an icing of afternoon tea, lectures and entertainment, spread thickly. This will make a feast of season and a flow of soul for about one hundred members. Serve every few weeks.

The preceding witty club "recipe" was read by Mrs. E. G. Orear at the anniversary banquet of the Twentieth Century club recently.

Daughter at Gaugh Home.

Mr. and Mrs. Charles Gaugh announce the birth of their daughter this morning.

Dinner Party.

Mr. and Mrs. J. F. Kidd and daughters of Bedison, gave a dinner party at noon Sunday, entertaining Mr. and Mrs. Glen Breedlove and Miss Nellie Thompson of this city.

Entertains Club.

Mrs. James F. Colby entertained the members of the Monday afternoon auction bridge club with a card luncheon this afternoon. Mrs. Colby's sister, Mrs. Paul Ream of Kansas City, was a guest of the club.

Drury Davis.

Mr. and Mrs. Fred Davis of Sioux City, Ia., are the parents of a daughter, whom they have called Drury. The name is a family one, which dates many generations back. Their family now consists of a son, Berryman, and the baby daughter.

Club Gives a Movie Party.

The S. M. S. club met Saturday night at the home of Miss Lola Maier on West Fifth street. After a short business meeting, the members formed a movie party at the Empire. The club members are Miss Helen Baker, Miss Virginia Lawson, Miss Ruth Hankins, Miss Isora Pierpoint, Miss Velma Foreman, Misses Leta and Leska Wray, Miss Gladys Owen and Miss Maier.

Easter Party.

An Easter party will be given from 2:30 till 5 o'clock Saturday afternoon in the parlors of the First Christian church for the children of the Primary, Beginners and Cradle Roll departments. The mothers are invited to come and bring the little folks. The arrangements are in the hands of Miss Florence Young, superintendent.

Surprise Party.

Mrs. M. J. Wilson entertained with a surprise party Monday night in honor of Mr. Wilson, and to celebrate his forty-seventh birthday anniversary. The guests were Mr. and Mrs. J. E. Stewart, Mr. and Mrs. Morton and daughter, Helen, Mr. and Mrs. Carmichael, Mrs. Sam Moon, Thomas Wilson of Omaha, Nebr., Mrs. Mary Hahn, Mr. and Mrs. Arthur Warner, Mr. and Mrs. E. E. Tilton, Myrtle, Gladys, Alerta, Fannie, Ralph and Clement Hahn Mary, Mattie, Vida and Orville Carmichael, Lucy and Mildred Kienzel.

WHY EASTER DATES CHANGE

Christ's Resurrection First Sunday After Full Moon Following Equinox Now.

It is something of an anomaly from the religious point of view that the anniversary of Christ's death may fall on any one of thirty-five days, while the anniversary of his birth is always on the same. It is no less of an anomaly from the astronomical standpoint, for there seems no reason why we, having adopted the solar year as the basis of our calendar, should cling to the lunar year merely for the establishment of one date.

It is a mystery why, when the date of Christ's birth was fixed on December 25, some dates in April were not at the same time settled upon as those of his death and resurrection. That would have been logical and would have banished from the calendar a lunar cycle that has long been abandoned by all civilized peoples.

It should not be difficult to fix the rational date for Easter. If Christ was cricified on the 14th day of the March moon astronomers ought to be able to calculate on what date this fell. They say that in all probability it fell on April 7 of the year 30 of the Christian era. Why, then, not fix Easter once and for all as the first Sunday after April 7.

Dates Back Many Centuries.

It is to the Council of Nicea that we owe the perpetuation of our anachronistic method of reckoning Easter. This council decreed that it should be the first Sunday after the first full moon that occurs after the vernal equinox, March 21, unless the full moon should be on Sunday when Easter day is the Sunday after.

Pope Gregory XIII undertook at that time to reform the Julian calendar, which had been in use ever since Julius Caesar, in 46 B. C., had prescribed that a year should consist of 365 days, every fourth year having 366. This Julian calendar was a reform of a still more ancient system based upon the motions of the moon, which system varied widely in different lands.

In Rome it had originated with Romulus, who established a year of ten months, having alternately 31 and 30 days, making 304 days in all. Numa Pompilius added the months of February and January, and in the year 452 B. C., the Decemvirs placed them where they now stand.

When Pope Gregory undertook to reform the Julian calendar, that had by that time become incorrect by about ten days, the revolution of the earth around the sun was not yet fully understood, so instead of making a change that would be thoroughly scientific, the present form of year was adopted, the Julian calendar being modified by calling October 5, 1582, October 15, and by making all terminal years of centuries, 1700, 1800, 1900, etc, common years of 365 days, except when the year was a multiple of 400, as 1600, 2000, etc., which should be leap years.

Is Only Moveable Feast Now.

In those days they were so accustomed to moveable feasts that it never occurred to the reformers of the calender that a day might come when their movability should be inconvenient. They knew so little about the relations between the sun and the earth that they did not want to renounce the lunar year entirely and so upset the order of feast days that had from time immemorial been based upon the movements of the moon.

Though the Georgian calendar was issued in 1582, prejudice against anything that came from Rome was so strong in England that it was not adopted there until by an act of parliament, passed in 1751, September 3, 1752, was recogized as September 14, and New Year's day was set back from March 25 to January 1, beginning with 1753.

To fix one definite date for Easter would require a decree from the pope. The whole Roman Catholic world and all Roman Catholics elsewhere would at once adopt it, and there is little doubt that the Protestant churches would follow. As it is a purely religious feast, this is all that would be necessary.

In Russia and Greece the Julian calendar is still in use, so their dates are now 12 days different from ours.

JEWS OBSERVE PASSOVER.

Hebrew, This Week, Will Remember Israelites, Freedom.—Eat Unleavened Bread.

The Jews of the world will observe, this week, the Feast of Pessach, or the Passover. The celebration will continue for eight days. Pessach, the Passover, or, as it also known, the Feast of Unleavened Bread, was instituted to commemorate the deliverance of the Israelites from their bondage in Egypt and their departure, under the guidance of Moses, for the promised land.

During the period of Passover, the use of ordinary bread and all leavened food is strictly prohibited. Matzoth, an unleavened cake, takes the place of bread on the tables of all orthodox Hebrews. The matzoth is prepared by Jewish bakers according to a recipe ages old. Rabbis usually supervise the baking, in order to see to it that all the laws connected therewith are strictly observed.

The use of the matzoth as a substitute for bread owes its origin to the fact that when the Jews left Egypt so hurriedly the women had no time to bake a supply of bread for the long journey. As a result, they had to take the dough, which they had prepared, with them, and bake it before it was leavened. Matzoth is simply a combination of flour and water without any yeast or other ingredient.

Miss Margaret Foster of Des Moines, Ia., arrived in Maryville, last night to visit her grandmother, Mrs. W. T. Garrett, and family.

HERE IS GOOD NEWS FOR STOMACH VICTIMS.

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

MAPLE LAWN NEWS.

Mr. and Mrs. George Snodderly and family spent Sunday the guests of Mr. and Mrs. Lee McCord.

U. S. TROOPS ARE RUSHED TO BORDER

Three Batteries of Field Artillery Ordered to Brownsville.

Washington, March 30.—Three batteries of field artillery were ordered by Secretary Garrison to proceed from Fort Sam Houston to Brownsville, Tex., and a regiment of infantry in Texas City was ordered to be in readiness to proceed at a moment's notice to the border town. The troops' movement was ordered on recommendation of Major General Funston, in charge of the border troops.

ZAPATA TO QUIT CAPITAL

Mexico City About to Fall Into Hands of Carranza Again.

Washington, March 30.—The situation at Mexico City assumed another of its rapid changes when Sir Cecil Spring-Rice, the British ambassador, called to Secretary Bryan's attention a report he had received from the Mexican capital that Zapatista forces, under General Garza, were about to abandon the city again and that General Obregon, the Carranza chieftain, in the vicinity, was moving forward to reoccupy it. The ambassador is understood to have asked what precautions for the protection of foreigners were contemplated by the American government in this event.

Secretary Bryan said that no reports of the intended evacuation had reached the department. He characterized such information as had been received as "suggestions as to what might happen," referring, apparently, to the statement of the British ambassador.

MEXICANS RESUME FIGHT

Battle For Possession of Matamoras Is Again Raging.

Brownsville, Tex., March 30.—The battle at Matamoras between Villa besiegers and the Carranza garrison has been resumed.

Officially there are said to be 133 Villa prisoners in Matamoras, twenty-eight of them wounded. In addition to 200 Villa wounded in Brownsville, another 200 are said to be distributed among ranches near the Rio Grande border on the Mexican side.

Colonel Flores of the Matamoras troops said the Villa losses were 375 killed and more than 600 wounded. Villa officers admitted 500 casualties, including about 100 killed.

Sioux Falls Theater Burns.

Sioux Falls, S. D., March 30.—The Majestic theater here was destroyed by fire. Loss, $35,000.

WITNESS ARRESTED ON PERJURY CHARGE

Indianapolis, March 30.—William Davern, a witness for the defendant, Fred Morrison, in the Terre Haute election fraud trial, was held to the federal grand jury on the charge of perjury after he had testified that there was no repeating so far as he knew in the precinct in which he served as election clerk. United States District Attorney Bailey made the request after Davern, who was the Democratic election clerk in the precinct in which Morrison served as inspector, had completed his testimony.

Davern testified further that Morrison had not worked the lever of the voting machine. He also denied that he knew that ninety-one names not on the registration books had been voted or that forty-one names and registration numbers had been voted twice in the precinct, as Mr. Bailey contended the election records show. Mr. Bailey said the witness had contradicted at least twenty government witnesses. Judge Anderson fixed Davern's bond at $5,000.

THIS R. C. R. RED ROOSTER costs $25.00. He is at the head of my flock. Eggs, $1.50 for 15. J. H. Aley, Maryville. Hanamo phone 4614.

CONKLIN & TINDALL,
COMPETENT PLUMBERS AND STEAM FITTERS.

NEW DISCOVERY FOR ECZEMA

Doctors Having Great Success With Amolox.

Amolox is performing wonderful cures after all other remedies have failed. It is the prescription of a well-known physician who has used it in his private practice. For the first time it is now offered to sufferers of skin diseases at the leading drug stores. A well known doctor in Youngstown, O., writes: "I have used Amolox in four bad chronic cases of skin diseases, all of which showed a marked improvement from the start. Two are entirely cured."

Amolox Ointment will quickly relieve pimples on the face, blackheads, and clear up a muddy complexion. Bad chronic cases of eczema, psoriasis, salt rheum, tetter, lasting for years, require both the Amolox solution and ointment to effect a cure. Trial size 50c. Guaranteed and recommended by the Orear-Henry Drug Co.

To Build New Home.

E. T. Godsey has begun the erection of a new home on the lot at 530 West Fourth street which he recently purchased. The house will be a $3,000 two story building.

SWEEP FLOOR OF OCEAN FOR F-4

Searchers Fix Where It Lies Within Fifty Yards.

NO HOPE THAT MEN ARE ALIVE

Diving Bell Is Being Built In Which Man Will Look For Missing Submarine Under Waters of Pacific—To Phone Up His Findings.

Washington, March 30.—Searchers for the lost submarine F-4 reported that they had determined the location of the vessel within a radius of fifty yards and that it lay at the bottom of the mouth of Honolulu harbor, in water ranging from forty-three to sixty fathoms down.

Honolulu, March 30.—Vessels searching for the missing United States submarine F-4 have recommenced sweeping the ocean floor with cables. So far no success has been reported.

Naval officials reiterate their confidence in their theory that the F-4 is submerged close to the harbor entrance. They base their opinion largely on the reports of fuel oil seen on the surface of the sea, on the stream of air bubbles rising to the surface and also on the recovery of a piece of brass work brought up by a line from the tug Navajo. This piece of brass has been identified by the naval authorities as from the F-4.

Naval officials said they had abandoned hope of rescuing the twenty-one men aboard the submarine. They say their work is one of recovering the bodies and getting what salvage there may be in the vessel, which they apparently believe is wrecked.

A diving bell, being built under the supervision of W. C. Parks, a civil engineer, and expected to aid in the finding of the F-4, may be ready for use soon. The bell is a fifty-four-inch iron pipe, seven feet in length, fitted with glass portholes. It is planned to lower this diving bell with an observer inside connected by telephone with a vessel above. The bell will be moved as directed by the man below until the submarine is found. The observer will then direct the placing of hoisting cables.

SAYS SHE SUED WRONG MAN

Rae Tanzer Swears James W. Osborne Was Not Her Wooer.

New York, March 30.—Miss Rae Tanzer, the dim nutive young factory forewoman who sued James W. Osborne for $50,000 for breach of promise and who was herself arrested by the United States authorities on a charge of using the mails in an attempt to defraud, went before United States District Attorney Marshall and swore that she had made an "honest mistake."

The man she associated with, she told the government officials, was Oliver Osborne. Detectives are engaged in checking up that part of Miss Tanzer's statement which Mr. Marshall declared to be "unbelievable."

Take Passengers Off Sinking Vessel

San Francisco, March 30.—With 300 passengers on board, mostly women and children, including forty-five orphans, the General Frisbie, a small bay steamer, struck a submerged rock 100 yards off the Panama-Pacific exposition grounds and began to sink. Life boats from United States warships anchored nearby promptly took off all hands and brought them ashore.

Turkey Denies Disorders at Urumiah

Washington, March 30.—The Turkish government denies that there have been any disorders at Urumiah, Persia, Ambassador Morgenthau at Constantinople cabled the state department that the grand vizier had so informed him on the strength of a report made to him by the Turkish war office.

NAB LARABEE BUT WILL DROP CHARGE

STATE SAYS ELMO MAN FORGED NAME—SHERIFF ARRESTS.

PROSECUTOR SAYS HE WILL DISMISS CASE

County Officials Announces Larabee Will Be Exonerated Saturday. One Civil Suit Against Him.

W. M. Larabee of near Elmo, charged last fall with several high finance stunts, but most of which later were compromised, was arrested late yesterday afternoon by Sheriff Edwin Wallace and brought here on a state warrant charging him with forgery. Larabee gave bond of $500 signed by Elmer Hamilton, near Elmo, for his release pending trial in circuit court here.

The specific act, which Larabee is charged with committing, in violation of the state laws, is in giving a note for $1,000 to the Nodaway Valley bank of Maryville, and signing the name W. M. Honan, as security without Honan's knowledge or consent.

Later Larabee paid $750 on the note and about a month ago, Mrs. Larabee paid the balance due, according to bank officials.

Dismiss the Case Saturday.

The affidavit against Larabee was made out by George Pat Wright, former prosecuting attorney, and the warrant issued by Justice W. L. Johnson sometime ago, but the arrest of Larabee was held up pending his return to this country, he having fled to Canada, it is said.

He returned to his home near Elmo, March 13, according to his statement to Sheriff Wallace yesterday. He has been recently employed on the farm of Hamilton Brothers, where he was arrested yesterday.

Though Prosecuting Attorney W. G. Sawyers had nothing to do with the case, at that time, he informed Justice Johnson this morning the forgery case against Larabee would be dismissed Saturday when Larabee's preliminary is to be held, as the note has been paid and delivered.

Of the several suits brought in circuit court here last fall, against Larabee or in which he was involved, only one now remains on the docket, it is said. That is a suit brought by the First National bank of Shenandoah, Ia., which holds a note for $1,250 against Larabee.

Larabee owns a farm of 70 acres in the northwest section of Lincoln township.

OFFER TWO SCHOLARSHIPS

School Board to Give Two High School Courses to Best Rural Student.

A resolution to offer one four-year scholarship and one two-year scholarship in the Maryville high school, to the rural pupils in Nodaway county, who make the best and next best grades, was adopted by the school board at its monthly meeting Saturday night.

The resolution carries the provision that the county school superintendent shall furnish the board the names of the pupil in any rural school, who made the highest grade for the term, and the one getting the next highest grade.

The regular rate for high school course is $3 a month or $27 per year which would mean a saving of $108 to the one receiving the best grade and of $54 to the one making the next to the highest grade.

While this offer has been made unofficially by the board, heretofore, no formal action ever has been taken. The pupils in the high school this term, who profited are Miss Hester Deneen, four-year scholarship, and Miss Marie Turner, two-year course.

Miss Alma Nash went to Kansas City yesterday to spend a few days on business.

'AD' CLUB IS FORMED HERE

Twelve Publicity Men Associate to Advance Work. To Hold Regular Meetings.

The Maryville Ad Club. Yes, its a brand new organization but it shows that Maryville is right in line with other live cities in having one.

The new club here is affiliated with the Associated Advertising clubs of the world, an organization that now has more than 10,000 active members among the leading cities of this and other countries.

It is the aim of the Maryville Ad club to systematically study advertising and publicity in all of its forms and to develop new ideas that may be of benefit to its members in their different lines of business. The membership of the club is limited to those who are interester in th estudy of advertising and merchandising.

Regular meetings are to be held and a course of study in advertising and merchandising has been obtained from the national organization. Talks will be given by the different members on advertising subjects as they pertain to their particular business. The club expects to bring a number of publicity and advertising experts to Maryville to lecture.

New ideas developed by the Associated Advertising Clubs of the World have been a big factor in increasing the business of the communities in which they are located. As a result of the co-operation of the merchants of Neosho and the Ad club there some highly important results have been obtained.

Through special advertising features developed by the club members the trade on advertised sale days has been increased 52 per cent and the trade on regular Saturdays has been increased 9 per cent.

The club here expects to increase its membership by a representative from each concern in Maryville. There are now twelve active members.

They are: W. R. Jackson, L. B. Tracey, William E. Jones, O. N. Gingrich, W. L. DeHart, A. J. Luppold, Albert Kuchs, Walter Todd, Magnus Tate, J. F. Hull, Edgar B. Rhodes and E. E. Barrett.

O. N. Gingrich, advertising manager for the Democrat-Forum, has been appointed delegate by the local Ad club to the state meeting to be held in Columbia, May 7.

REV. LOVE CONDUCTS REVIVAL

Former Burlington Junction Pastor, Launches Campaign in St. Joseph Church.

The Rev. J. W. Love, pastor until a month ago, of the Christian church of Burlington Junction, began an evangelistic campaign this week, in his new charge, the Wyatt Park Christian church, St. Joseph. The prime object of the services is to get the new pastor and the congregation lined up shoulder to shoulder in the church work.

Mr. Love will conduct services each night.

M. E. CHURCHES INDEPENDENT

Appellate Court Decides Conference Cannot Control Physical Property.

A ruling that the actual physical property of a Methodist church is under the control of the church and not under the jurisdiction of Methodist church conference has been upheld by the appellate court in Chicago.

The appellate court upheld the superior court which maintained the distinction between a Methodist church and a Methodist church building. The decision affects more than ten thousand Methodist churches in the United States, the aggregate value of whose real estate holdings is more than $30,000,000.

Moved to Allen Residence.

Mr. and Mrs. M. L. Beattie moved Saturday to the home of Mrs. Beattie's parents, Dr. and Mrs. Allen, where they will be located until their new home on West First street is completed.

Ed Hamlin Ill.

Edward Hamlin is critically ill at his home on West Seventh street with pneumonia.

INTEREST YOUTHS

POULTRY ASSOCIATION OFFERS FREE EGGS FOR SETTING.

MUST ENTER LOCAL FAIR

Boys and Girls of Nodaway Between 12 and 16, Entitled to Regular Prizes, Also State Specials.

Boys and girls of Nodaway county between the ages of 12 and 16, inclusive, may have one setting of eggs free and be eligible to compete by payment of the regular $1 entrance fees next fall, in the annual poultry show of the Northwest Poultry Association, according to announcement made today by Judge J. H. Sayler, secretary. The show will be held this year the first week in December.

This plan to donate settings of hen eggs to boys and girls who will compete at the shows, was adopted two years ago, but was dropped after that year, no such provision being made last year. It is hoped now to revive the action for all future shows. The only requirement is that the boy or girl will agree to enter not less than a trio of birds, from those eggs or others at the annual show.

State Offers Prizes Too.

This will entitle them to compete for any cash prize or premium offered by the association, to which "grown-ups" are entitled to compete. In addition to this, the state poultry association has agreed to offer special awards to the boys and girls, in each county where shows are held, so that it will really be of greater interest for the youths to enter fowls, than it will be to the adult contestants.

Unlike two years ago, however, where settings of eggs were distributed by haphazard methods to any and every child, it is required this year, that any boy or girl between the ages of 12 or 16 years, may have a free setting of between 13 and 15 eggs, providing they make application to the secretary, Mr. Sayler. Application forms will be furnished for this.

It is urged that the applicants specify what variety of eggs they desire and where and when they want them. When possible, such kinds of eggs as they specify will be sent them, but in case this is impossible, then other eggs will be sent.

To Enter Fowls at World's Fair.

To provide eggs to the boys and girls, each pure poultry breeder in the association is urged to furnish at least three settings for the purpose, but only on order from the secretary.

Another action that will do much to stimulate interest in poultry culture, is the provision by the last state legislature appropriating $100 to each county poultry association to aid them in promoting the industry and offering of prizes.

The state also has made provision to pay the transportation charges of $1,700 for the shipment of a car of thoroughbred poultry to the Panama-Pacific exposition at San Francisco, contributed by breeds of Missouri. This shipment will soon be assembled at Kansas City.

Judge Sayler, W. H. Crawford and John S. Gross are intending to take advantage of this offer.

Judge Sayler returned last night from a meeting of poultry raisers at St. Joseph.

IOWA COUPLE WED.

First License Issued for Week, Issued —Report Annual Dull Period at This Time

Ralph H. Bowen and Cavy Bandiwater, both of Greenfield, Ia., were granted a license to marry late yesterday after noon in the recorder's office.

This is the first license to be issued since March 22. It is said the usually dull period of Cupid's work is about this time of the year, through the effects of spring fever, but that the marrying business begins to pick up as soon as the buds begin to swell and the birds begin to sing.

To Visit in Omaha.

M. C. Guinn and daughter, Mary, of Bedison, left this morning for Omaha, Nebr. Mr. Guinn went to attend a fine stock sale, and his daughter will visit with her aunt, Mrs. C. L. Anders.

Returned to Whitesville.

Charles Beattie of Whitesville, has returned to his home after a few days visit in Maryville with his sister, Mrs. George Jackson.

Burris Family Moving.

W. A. Burris and family are moving this week from 107 North Buchanan street to the Mrs. W. W. Byers property on South Buchanan street.

ELECTION RETURNS.

The Democrat-Forum will receive the township election returns at the office soon after the polls close at 6:30 o'clock tonight. These will be announced both by bulletin and by telephone on call.

PICK CONTESTANTS TONIGHT

Five Girls and Seven Boys Would represent High School in Normal Declamatory Contest.

A preliminary contest will be held in the auditorium of the Washington school building tonight beginning at 8 o'clock, to choose the pupil who will represent the Maryville high school in the declamatory contest of the North west Missouri high school at the Normal April 23.

Seven boys and five girls already have entered their names for representation, according to W. M. Westbrook, city school superintendent. This will necessitate an elimination contest among the boys, preceding the preliminary, as it is provided that only five boys and five girls, shall compete in the preliminary.

The choice of a pupil to represent the high school in the track meet April 24 at the Normal probably will be made April 9. The athletically inclined students are working hard this week in the high school gymnasium, but will transfer their activities to the Normal court next week.

DEFER EDUCATIONAL MEETING.

Parents and Teachers Will Not Gather Friday Night—Meet Soon.

The meeting of the Parents-Teachers association, which was to have been held in the Washington school auditorium Friday night, has been postponed indefinitely on account of other school activities. The meeting probably will be held next week.

PROF. LAIRD DEAD.

Former Resident of This City Died at Coffeyville, Kan.

Word was received here of the death of Prof. Knudly I. Laird, formerly of this city, who died Saturday, March 20, at his home in Coffeyville, Kan. The funeral services were held the following Tuesday at the family home and the body interred in Elmwood cemetery, Coffeyville.

Prof. Laird was a musician of exceptional ability and was head of a studio in this city for a number of years. He wen to Cofeyville about fifteen years ago.

TO HOLD ALL DAY MEET.

Hopkins Presbyterians in Annual Business Session Next Thursday.

The annual congregational meeting of the Hopkins Presbyterian church will be held Thursday, April 8, and will be an all day session.

Preaching services will be held at 11 o'clock a. m. with sermon by pastor, the Rev. J. H. Weaver. At noon a basket dinner will be served to which all the members and families and their friends are invited.

At 2 o'clock in the afternoon the business meeting will be called and the affairs of the church for the year out in order.

Schuler to Christian Church.

Prof. H. B. Schuler, who has been organist and director at the First Presbyterian church, will leave there May 1, and take the direction of the First Christian choir. Miss Ola Smith has been employed as organist at the First Christian church and took up the work Sunday.

Mrs. Phillips at Hospital.

Mrs. Ned Phillips, of St. Joseph, who has been visiting in the city, the guest of Mr. and Mrs. A. Hardisty, is at St. Francis hospital, where she underwent an operation for appendicitis, yesterday.

St. Joseph Guests Leave.

Dr. and Mrs. A. E. Logan and children of St. Joseph, returned to their home yesterday after a visit in this city with Mr. and Mrs. Aaron Felix and family.

DEMOCRATS LEAD

UNOFFICIAL REPORTS PLACE TILTON AND ROBEY AHEAD.

VOTE IS LIGHT THOUGH

Some Farmers Coming in This Afternoon However—Much Scratching Being Done in Some Wards.

The Democrats are leading by a small majority in the Third and Fourth wards of the city in the township election being held today for filling the several offices for the next two years. The race between the two parties is close in the First and Second wards and much scratching is being done by both Democrats and Republicans.

For collector W. L. Robey was leading at 2:30 o'clock this afternoon in the Fourth ward over C. L. Gann, republican candidate, had a slight lead in the Third ward, was tied with Gann in the second and was slightly behind the Republican candidate in the First ward.

For assessor E. E. Tilton is leading his Republican opponent in each of the four wards, it is reported. The majority is good in the Third and the Fourth wards, and material in the other two it is said. In the Fourth wards at 3 o'clock this afternoon he had fully two-thirds of the votes cast.

For trustee, Frank Smith, Democratic candidate, was leading E. C. Curfman by a slight majority, though much scratching for this office, was being done by both party adherents. In the Fourth ward Bolin was ahead of Curfman by forty-five votes at 3 o'clock.

Robert Jones and Dick Snyder are running pretty close everywhere for constable, it is said, though Jones, also leads as other Democratic candidates in the Fourth ward, where he had a majority of about fifty.

Little scratching is being done for members of the township board or for justice of the peace, though it looks as though A. A. Wiley, Democrat, and Miles Nicholas, Republican, were leading for township board.

The total vote by wards at 2:30 o'clock this afternoon was: First ward, 220; Second, 172; Third, 178; Fourth, 271.

Most of the vote this morning was cast by townspeople, though a great many farmers are casting ballots this afternoon. The number of farmers continues to grow.

The vote for township offices in the other fourteen townships of Nodaway county, also is in progress today. Everywhere the report comes that the vote is light and some scratching is being done.

IS VICTIM OF TYPHOID.

Mary Roselius Succumbs to Three Weeks Illness.—Body Taken to Corning.

Miss Mary Roselius, aged 16, the daughter of Mr. and Mrs. A. E. Roselius of Corning, Mo., died at six o'clock last night at St. Francis hospital, her death following a three weeks illness with typhoid fever.

Miss Roselius had been in Maryville this winter attending the Normal. She resided at the home of Mr. and Mrs. R. G. Allan, 422 West Third street. Short funeral services were held at 8 o'clock this morning at the Allan residence, conducted by the Rev. S. D. Harkness, pastor of the First Presbyterian church.

A number of the Normal faculty members acted as pall bearers. The body was taken to Corning, where the funeral services and burial will take place.

Miss Roselius was a niece of Mr. and Mrs. W. C. Pearson of this city. The body was accompanied to Corning by the parents, a sister, Miss Lillian, an aunt, Miss Peeler, all of whom have been in the city during the girl's illness, Mr. and Mrs. Pearson and Miss Katie Allan of Maryville.

Mrs. Trullinger Builds Home.

Mrs. Cora Trullinger has begun the erection of a new nine-room house on her lot at 308 South Fillmore street. The house already on the lot has been torn down to make place for the new building.

Employed at Haines.

Edward Condon, who has been in the employ of the Robinson Shoe company of St. Joseph, began work this week at the Haines Dry Goods store.

Read Democrat-Forum want ads.

CUT NORMAL FUND BY $15,000

Regents and Normal President Confer With Governor on Appropriations

Democrat-Forum, Maryville, Mo., March 30, 2:30 p. m.—Board of regents of the State Normal school are required to hold $15,000 the state appropriation until revenues justify release.

W. A. Blagg.

Prof. Ira Richardson, president of the State Normal school, and W. A. Blagg, president of the board of regents were summoned to appear before Governor Major at Jefferson City today relative to a proposed reduction in the various state school appropriations made by the last legislature. Both President Richardson and Mr. Blagg left last night and will probably return at noon tomorrow.

Governor Major will spend tomorrow in going over appropriations for the various penal and eleemosynary institutions of the state, and today will near the heads of the various educational institutions relative to possible reductions in appropriations.

It is not believed by Senator Anderson Craig, however, that there will be any material reduction here, as the only fund provided for additions or improvements, was $10,000 for farm buildings and improvements. The total appropriation for 1915-1916 was $162,320.

In fact, it is Governor Major's intentions to only get the promise of the educational heads, to refrain from using any special funds, until they are released by his order. In this way, while there may be no direct cuts, the state will be protected ,that in case the appropriations exceed the revenues certain portions of the appropriations can be cut.

MANY HEAR REV. HARKNESS

First Presbyterian Pastor Attracts Crowd by Series of Sermons.

Last night's meeting at the First Presbyterian church was well attended and gratifying interest is being shown.

This evening at six o'clock the Presbyterian business men of the city will lunch together at the Merchant's Cafe. They will assemble at the office of the Curfman Lumber company where a ten minute prayer service will be held preceding the luncheon and personal workers conference.

The Rev. S. D. Harkness, pastor, will take for his subject tonight, "What Is Conversion?" The service will begin at 7:45 o'clock.

Last night the Rev. Mr. Harkness chose as his text Pilate's question, "What Shall I Do With Jesus Who Is Called Christ?" He began by saying in part:

"This is every man's question and there is no neutral ground. What shall I do with Jesus in the face of my need? All the money, fame, honor and culture that the world can give, leaves us conscious of an elemental need before which human ministries stand powerless.

What shall I do with Jesus? That depends on His attitude toward me. Is He too busy to be bothered. Is He cold and disdainful? No, He comes as a suppliant with the words, "Behold I stand at the door and knock. If any man will hear my voice and open the door, I will come into him, and sup with him, and he with me." The question demands an immediate decision. We may try to doge the issue as did Pilate, but even though we pay Him the tribute of finding "no fault in Him" even though we declare that we are "innocent of the blood of this just man," we crucify the So not God afresh when we reject Him."

MAY INTERN GERMAN SHIP

Prinz Fdiederich Eitel Case Will Be Disposed of Today, Reported.

By American Press.

Newport News, Va., March 30.—A disposition of the German cruiser, Prinze Friederiche Eitel, which has been here for sometime, will be known today, according to government announcement. It is generally believed that the German vessel will be interned

Another Would Be Councilman.

Edward Dragoo, electrician for the Maryville Electric Light and Power company, announced today his candidacy for city councilman, from the Second ward in the election Tuesday, April 6.

BULGARS OFFERED CESSION FOR PEACE

TURKEY WOULD GIVE TRACT FOR ITS NEUTRALITY.

DROP BOMB ON BRIT WARSHIP IN AEGEAN

Constantinople Reports Seaplanes Damaged Allied Vessel Outside Dardanelles—Can Hold Straits.

By American Press.

Paris, March 30.—The Athens correspondent of the Havas agency declares he has received from diplomatic sources a confirmation of the report that Field Marshal Von Der Goltz, of Germany, has been authorized by Turkey, to offer to Bulgaria that part of European Turkey lying to the west of a line drawn from Enos, in the Gulf of Thasos, to Mida, as its new boundary in exchange for Bulgaria's neutrality in the war.

It has been reported that Bulgaria was on the verge of war for sometime and has been making preparations in military circles. Turkey in turn has been training soldiers along the Bulgaria-Turkey border and fortifying the frontier against a possible Bulgarian attack.

By American Press.

Bucharest, via Paris, March 30.—Field Marshal Von Der Goltz, in an interview given out while on his way to Berlin, after the conference relative to Bulgaria's neutrality, expressed confidence that the Dardanelles could be held against the attack of the allied fleets of England, France and Russia.

By American Press.

Constantinople, via London, March 30.—An official statement issued here today, by the war office says:

"One of our sea planes has dropped bombs on a British warship cruising outside of the Dardanelles, in the Aegean sea."

MORE TROOPS TO BORDER

Government Follows up Dispatch of Artillery, with Additional Forces to Brownsville, Texas.

By American Press.

Washington, March 30.—More United States troops are being rushed to the Mexican border today, to protect the damage of any American property or the endangering of any American lives as a result of the Mexican battle across from Brownsville, Texas.

More troops are being held in readiness at Texas City, that additional forces may be concentrated along the Mexican border if it becomes necessary

Some Facts To Consider

A good reliable and efficient bus line is a big asset to a city. Everybody admits that.

In the years that I have conducted the bus line in Maryville, I have spared no expense to make it the best in the state, in a town of anything like the size of Maryville. Traveling men will tell you this is so. And at the same time I am making a less charge for transportation than is made elsewhere where the service is not anything like as good.

I have always furnished service that you could rely upon, and have given fair treatment at all times.

I have always considered it a pleasure to accommodate my patrons in anyway possible.

I conduct my bus business in a careful manner, having in mind always the safety of my passengers, and my service has been free of inconvenience or accident.

Maryville is entitled to a good, substantial, reliable bus line. In fact, such a line is indispensable to the city's needs. It is up to the people to say by their patronage, if they will maintain this high-class service at a moderate cost.

Harve Bainum

Notice

A general election will be held in the City of Maryville, County of Nodaway, State of Missouri. TUESDAY, APRIL SIX, Nineteen hundred Fifteen (1915) for the purpose of electing One Alderman from each ward and also a city collector to fill the unexpired term of S. G. Selecman deceased.

FALABA AND AGUILA SUNK

150 Die as Fast Submarines Sink Fleeing Britons.

SPEED VAIN IN BOTH CASES.

Admiralty Announces That 140 Survivors of Fast Steamer Picked Up, Eight of Whom Die Later—Dutch Steamer Strikes a Mine.

WAR SUMMARY

Fast and powerful submarines of the German navy have torpedoed two more British steamers in the waters adjacent to the British Isles. Both steamers, the Falaba and Aguila, took to flight at the sight of the submarine, but were speedily overhauled, with the result that both vessels were sent to the bottom, with a loss of life estimated at between 140 and 150.

Only a few minutes were allowed the passengers and crews to put off in the boats, and according to the survivors, the Germans turned their guns on the captured ships, and thereby added to the loss of life by shell fire.

Russians continue their drive toward the plains of Hungary, with the Austrians apparently being forced back on the western mountain front, but with the aid of the Germans holding their positions on the eastern line.

Germans have taken the town of Tauroggen, which has changed hands several times, while on the front west of the Niemen river the Russians report that the Germans counter offensive has been stopped everywhere.

Germans have bombarded the towns of Nieuport and Nieuport-Bains in Belgium.

London, March 30.—About 150 lives were lost in the sinking by German submarines of the African liner Falaba and the British steamer Aguila bound from Liverpool for Lisbon.

The Falaba, which was torpedoed in St. George's channel, carried a crew of ninety and about 160 passengers, and of this total only 140 were rescued. Of those rescued eight died later from exposure.

The Aguila had a crew of forty-two and three passengers, and of these twenty-three of the crew and all the passengers were lost.

In both cases, on sighting the submarine, the captain tried to escape by putting on all speed possible, but the underwater craft overtook the steamers, showing that Germany now has some of its most modern submarines engaged in the blockade operations against England.

The admiralty announces that 140 survivors of 160 passengers and ninety members of the crew have been picked up. Eight of these died afterward.

Twenty-three of the crew and three passengers of the Aguila, torpedoed by a German submarine, are missing according to the admiralty statement which follows:

"Twenty-three members of the crew and three passengers are missing from the steamer Aguila.

"The Dutch steamer Amstel, a vessel of 853 tons, when on a passage from Rotterdam to Goole, England, struck a mine in a German mine field off Flamborough, Yorkshire, England. The crew has been landed in the Humber by the Grimsby trawler Pinewold.'

Three of the Falaba's lifeboats were swamped. Many persons aboard the vessel were thrown into the sea, where they struggled, while the submarine circled around offering, according to stories told by those rescued, no assistance. A fishing boat appeared on the scene and saved 140 of the passengers and crew. Captain Davis of the liner was picked up dead. Eight other bodies were recovered.

The survivors relate that the liner was seventy miles to the southwest of Milford Haven when the submarine appeared. It called to the captain of the Falaba to heave to, but he ignored the order and promptly started at full speed ahead. The liner was a fast craft and for half an hour the chase was kept up before the submarine overhauled it and compelled it to stop.

CATTLE, HOG MARKET GOOD

Heavy Eastern Demand, Account of Quarantine Regulations at Chicago, Help Missouri River Points

Kansas City Stock Yards, March 29.—In the cattle market last week heavy steers sold barely steady, medium weights strong to 10 higher, light steers, yearlings and good to choice heifers, 20 to 40 higher, cows 10 to 20 higher, stockers and feeders strong to 15 higher.

Today with a supply of 10,000 head, the same lines are drawn, the market ranging from a shade higher on butcher grades and stockers and feeders to 10 lower on heavy steers. Prime heavy steers are quotable up to $8.50 but the best here in the last week brought $8.35, top yearlings $8.50. The bulk of the heavy fed steers with good finish to sell at $7.50 to $8.00, plain heavy steers, $7.25 to $7.50, choice cows up to $7, fancy heifers $8.25, bulk of the good heifers around $7.50 and choice veal calves $9.50 to $10.50.

Beet pulp steers sold today at $7.15 to $7.50, to both killers and feeder buyers, and beet pulp bulls at $5.35 to $5.50. Panhandle feeders sold at $7.25 to $7.85, weights from 900 to 1,100 pounds. Quarantine steers sold at $6.80 to $7.20, about 10 lower than last Thursday, offerings today composed of cake fed steers from Texas weighing 930 to 1,200 pounds.

Shipments of stockers and feeders from here last week amounted to 11,000 head, two thousand more than during the same week a year ago. In a few words, the general market is weak on weighty killing cattle, strong on light weights, butcher grades, and stockers and feeders.

The hog market made good gains at the close of the week, account of extraordinary shipping demand to Eastern killers. Chicago is unable to send hogs East, account of quarantine regulations and surplus orders are being filled here, making this market 15 to 20 cents above Chicago and other Missouri river points during the last week.

Receipts today are 11,000; market 5 lower to order buyers, 5 higher to packers, top $6.85, although a car load of 120 pigs brought $6.95, bulk of sales $6.85 to $6.80.

Sheep and lambs changed very little last week, the market slow on most days, due to continual efforts of buyers to get the stuff cheaper. Receipts are running light here, total today is 8,000 head, market about steady, top lambs $9.75, bulk of the lambs brought $9.50 to $9.75, bulk of the ewes $7.50 to $7.70.

Spring lambs brought $12.50 today and a choice lot of Texas springers brought $15.00 last week, a record price for lambs from Texas. The mutton market is due for an advance, although bad outlet at Chicago and weak biding has its influence on other markets.

The use of Gold Dust is second nature in millions of homes

Gold Dust really *works.*

It does the work the fingers and wash cloths and mops and brushes cannot possibly do alone—and it does the work easily and quickly and thoroughly.

Millions of women know that Gold Dust does the hardest part of the work of washing dishes, scrubbing floors and cleaning woodwork.

But not *all* of these millions of women have yet realized *all* of the helpful uses of

GOLD DUST

Give Gold Dust your full confidence. It cleans and brightens *everything.*

The active principle of Gold Dust —the valuable antiseptic cleansing agent—is so remarkably thorough that you literally rinse away the dirt, grease and grime.

Gold Dust cleans metalwork, nickel, enameled ware, etc., without scratching or marring, and leaves a newness, brightness and sanitary cleanness.

"Let the GOLD DUST TWINS do your work"

Gold Dust is indispensable and inexpensive—

5c and larger packages sold everywhere.

WHY EASTER DATES CHANGE

Christ's Resurrection First Sunday After Full Moon Following Equinox Now.

It is something of an anomaly from the religious point of view that the anniversary of Christ's death may fall on any one of thirty-five days, while the anniversary of his birth is always on the same. It is no less of an anomaly from the astronomical standpoint, for there seems no reason why we, having adopted the solar year as the basis of our calendar, should cling to the lunar year merely for the establishment of one date.

It is a mystery why, when the date of Christ's birth was fixed on December 25, some dates in April were not at the same time settled upon as those of his death and resurrection. That would have been logical and would have banished from the calendar a lunar cycle that has long been abandoned by all civilized peoples.

It should not be difficult to fix the rational date for Easter. If Christ was cricified on the 14th day of the March moon astronomers ought to be able to calculate on what date this fell. They say that in all probability it fell on April 7 of the year 30 of the Christian era. Why, then, not fix Easter once and for all as the first Sunday after April 7.

Dates Back Many Centuries.

It is to the Council of Nicea that we owe the perpetuation of our anachronistic method of reckoning Easter This council decreed that it should be the first Sunday after the first full moon that occurs after the vernal equinox, March 21, unless the full moon should be on Sunday when Easter day is the Sunday after.

Pope Gregory XIII undertook at that time to reform the Julian calendar, which had been in use ever since Julius Caesar, in 46 B. C., had prescribed that a year should consist of 365 days, every fourth year having 366. This Julian calendar was a reform of a still more ancient system based upon the motions of the moon, which system varied widely in different lands.

In Rome it had originated with Romulus, who established a year of ten months, having alternately 31 and 30 days, making 304 days in all. Numa Pompilius added the months of February and January, and in the year 452 B. C., the Decemvirs placed them where they now stand.

When Pope Gregory undertook to reform the Julian calendar, that had by that time become incorrect by about ten days, the revolution of the earth around the sun was not yet fully understood, so instead of making a change that would be thoroughly scientific, the present form of year was adopted, the Julian calendar being modified by calling October 5, 1582, October 15, and by making all terminal years of centuries, 1700, 1800, 1900, etc, common years of 365 days, except when the year was a multiple of 400, as 1600, 2000, etc., which should be leap years.

Is Only Moveable Feast Now.

In those days they were so accustomed to moveable feasts that it never occurred to the reformers of the calender that a day might come when their movability should be inconvenient. They knew so little about the relations between the sun and the earth that they did not want to renounce the lunar year entirely and so upset the order of feast days that had from time immemorial been based upon the movements of the moon.

Though the Georgian calendar was issued in 1582, prejudice against anything that came from Rome was so strong in England that it was not adopted there until by an act of parliament, passed in 1751, September 3, 1752, was recogized as September 14, and New Year's day was set back from March 25 to January 1, beginning with 1753.

To fix one definite date for Easter would require a decree from the pope. The whole Roman Catholic world and all Roman Catholics elsewhere would at once adopt it, and there is little doubt that the Protestant churches would follow. As it is a purely religious feast, this is all that would be necessary.

In Russia and Greece the Julian calendar is still in use, so their dates are now 12 days different from ours.

ONE CAUSE OF RAIL WOES

Freight Rates on Rice Used In Beer Inadequate and Irregular.

Chicago, March 30.—Low freight rates said to be now prevailing on rice used in the manufacture of beer, and known as brewer's rice, were held partly responsible for an unprosperous condition of the railroads in testimony given at the hearing of the western rate case.

J. D. Youman, chief clerk of the traffic department of the New Orleans and Northwestern road, asserted that the present rate schedules on brewer's rice shipped from the southwest is inadequate and irregular. He said the proposed increases on 100 pounds of 10½ cents to Kansas City, 5 cents to St. Louis and 11½ cents to Chicago and Milwaukee were intended to equalize the rates so that all the destinations would be on the same relative basis.

Cross-examined by Luther Walker attorney for the packers, Mr. Youman asserted that rates to Dubuque, Ia., and Lincoln, Neb., would actually be reduced in the proposed readjustment. This would be due, he said, to a transfer of this product from a classification to a commodity rate basis.

A Club Recipe.

"Take a whole heartful of enthusiasm and dilute with common sense When the alkali of the enthusiasm unites with the acid of common sense in a foaming mass, stir up quickly then add spices, womanliness, tact, humor, broadmindedness and talent, with a dash of difference of opinion. Next, take a dozen fresh committees and beat them up well, beat them until they are stiff enough to stand alone then toss them in, throw in your afternoon programs, not too full, for there must be room for them to swell with animated discussion.

"Take two parts of desire for a larger living, or what we term culture, and two parts of intelligent interest in the vital questions of the day, mix with enough sociability to make a light sponge and set carefully away to rise. When it has risen, to about twice the natural size, add some carefully picked officers, and directors washed in the waters of self sacrifice and plentifully dredged with perseverance. Now add one part of civic work or as much as your town requires and one part of philanthropic activity for sweentening and cream it up enough with enough of the milk of human kindness to make a smooth batter.

"Lastly add flavoring, Robert Browning, optimism, though some prefer Emerson's, now beat the whole up well with individual effort for on this, the whole club depends. When thoroughly beaten into a large vessel of opportunity, set for one and a half or two hours. The time depends on the temperament manifested. Test with a splint from the broom of experience. The splint must come out clear and shining. When at just the right stand make an icing of afternoon tea, lectures and entertainment, spread thickly. This will make a feast of season and a flow of soul for about one hundred members. Serve every few weeks.

The preceding witty club "recipe" was read by Mrs. E. G. Orear at the anniversary banquet of the Twentieth Century club recently.

JEWS OBSERVE PASSOVER.

Hebrew, This Week, Will Remember Israelites, Freedom.—Eat Unleavened Bread.

The Jews of the world will observe, this week, the Feast of Pessach, or the Passover. The celebration will continue for eight days. Pessach, the Passover, or, as it also known, the Feast of Unleavened Bread, was instituted to commemorate the deliverance of the Israelites from their bondage in Egypt and their departure, under the guidance of Moses, for the promised land.

During the period of Passover, the use of ordinary bread and all leavened food is strictly prohibited. Matzoth, an unleavened cake, takes the place of bread on the tables of all orthodox Hebrews. The matzoth is prepared by Jewish bakers according to a recipe ages old. Rabbis usually supervise the baking, in order to see to it that all the laws connected therewith are strictly observed.

The use of the matzoth as a substitute for bread owes its origin to the fact that when the Jews left Egypt so hurriedly the women had no time to bake a supply of bread for the long journey. As a result, they had to take the dough, which they had prepared, with them, and bake it before it was leavened. Matzoth is simply a combination of flour and water without any yeast or other ingredient.

Miss Margaret Foster of Des Moines, Ia., arrived in Maryville, last night to visit her grandmother, Mrs. W. T. Garrett, and family.

Fatty, Mabel and the Law, a Keystone comedy at the Empire Tonight.

HERE IS GOOD NEWS FOR STOMACH VICTIMS.

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

MAPLE LAWN NEWS.

Mr. and Mrs. George Snodderly and family spent Sunday the guests of Mr. and Mrs. Lee McCord.

Harry Vail and family are moving to their new home near Blanchard, Ia.

Bessie, Lillian, William and Ray Vail spent a few days last week visiting their grandparents.

Earl Cowger, Hazel Sharp, Bessie Vail, Eva Cowger and Lillian Vail were guests at Maple Lawn Thursday.

Returns to Nebraska.

Mrs. Mary Hosick left at noon today for her home in Bertrand, Nebr., after a year's stay with her sister, Mrs. S. E. Slates, who resided until recently nine miles south of the city. At present Mrs. Slates is making her home with her son at Cameron.

Do Not Gripe

U. S. TROOPS ARE RUSHED TO BORDER

Three Batteries of Field Artillery Ordered to Brownsville.

Washington, March 30.—Three batteries of field artillery were ordered by Secretary Garrison to proceed from Fort Sam Houston to Brownsville, Tex., and a regiment of infantry in Texas City was ordered to be in readiness to proceed at a moment's notice to the border town. The troops' movement was ordered on recommendation of Major General Funston, in charge of the border troops.

ZAPATA TO QUIT CAPITAL

Mexico City About to Fall Into Hands of Carranza Again.

Washington, March 30.—The situation at Mexico City assumed another of its rapid changes when Sir Cecil Spring-Rice, the British ambassador, called to Secretary Bryan's attention a report he had received from the Mexican capital that Zapatista forces, under General Garza, were about to abandon the city again and that General Obregon, the Carranza chieftain, in the vicinity, was moving forward to reoccupy it. The ambassador is understood to have asked what precautions for the protection of foreigners were contemplated by the American government in this event.

Secretary Bryan said that no reports of the intended evacuation had reached the department. He characterized such information as had been received as "suggestions as to what might happen," referring, apparently, to the statement of the British ambassador.

MEXICANS RESUME FIGHT

Battle For Possession of Matamoras Is Again Raging.

Brownsville, Tex., March 30.—The battle at Matamoras between Villa besiegers and the Carranza garrison has been resumed.

Officially there are said to be 133 Villa prisoners in Matamoras, twenty-eight of them wounded. In addition to 200 Villa wounded in Brownsville, another 200 are said to be distributed among ranches near the Rio Grande border on the Mexican side.

Colonel Flores of the Matamoras troops said the Villa losses were 375 killed and more than 600 wounded. Villa officers admitted 500 casualties, including about 100 killed.

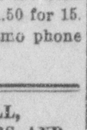
Sioux Falls Theater Burns.

Sioux Falls, S. D., March 30.—The Majestic theater here was destroyed by fire. Loss, $35,000.

WITNESS ARRESTED ON PERJURY CHARGE

Indianapolis, March 30.—William Davern, a witness for the defendant, Fred Morrison, in the Terre Haute election fraud trial, was held to the federal grand jury on the charge of perjury after he had testified that there was no repeating so far as he knew in the precinct in which he served as election clerk. United States District Attorney Bailey made the request after Davern, who was the Democratic election clerk in the precinct in which Morrison served as inspector, had completed his testimony.

Davern testified further that Morrison had not worked the lever of the voting machine. He also denied that he knew that ninety-one names not on the registration books had been voted or that forty-one names and registration numbers had been voted twice in the precinct, as Mr. Bailey contended the election records show. Mr. Bailey said the witness had contradicted at least twenty government witnesses. Judge Anderson fixed Davern's bond at $5,000.



THIS R. C. R. RED ROOSTER costs $35.00. He is at the head of my flock. Eggs, $1.50 for 15. J. H. Aley, Maryville. Hanamo phone 4614.

NEW DISCOVERY FOR ECZEMA

Doctors Having Great Success With Amolox.

Amolox is performing wonderful cures after all other remedies have failed. It is the prescription of a well-known physician who has used it in his private practice. For the first time it is now offered to sufferers of skin diseases at the leading drug stores. A well known doctor in Youngstown, O., writes: "I have used Amolox in four bad chronic cases of skin diseases, all of which showed a marked improvement from the start. Two are entirely cured."

Amolox Ointment will quickly relieve pimples on the face, blackheads, and clear up a muddy complexion. Bad chronic cases of eczema, psoriasis, salt rheum, tetter, lasting for years, require both the Amolox solution and ointment to effect a cure. Trial size 50c. Guaranteed and recommended by the Orear-Henry Drug Co.

To Build New Home.

E. T. Godsey has begun the erection of a new home on the lot at 530 West Fourth street which he recently purchased. The house will be a $3,000 two story building.

SWEEP FLOOR OF OCEAN FOR F-4

Searchers Fix Where It Lies Within Fifty Yards.

NO HOPE THAT MEN ARE ALIVE

Diving Bell Is Being Built In Which Men Will Look For Missing Submarine Under Waters of Pacific—To Phone Up His Findings.

Washington, March 30.—Searchers for the lost submarine F-4 reported that they had determined the location of the vessel within a radius of fifty yards and that it lay at the bottom of the mouth of Honolulu harbor, in water ranging from forty-three to sixty fathoms down.

Honolulu, March 30.—Vessels searching for the missing United States submarine F-4 have recommenced sweeping the ocean floor with cables. So far no success has been reported.

Naval officials reiterate their confidence in their theory that the F-4 is submerged close to the harbor entrance. They base their opinion largely on the reports of fuel oil seen on the surface of the sea, on the stream of air bubbles rising to the surface and also on the recovery of a piece of brass work brought up by a line from the tug Navajo. This piece of brass has been identified by the naval authorities as from the F-4.

Naval officials said they had abandoned hope of rescuing the twenty-one men aboard the submarine. They say their work is one of recovering the bodies and getting what salvage there may be in the vessel, which they apparently believe is wrecked.

A diving bell, being built under the supervision of W. C. Parks, a civil engineer, and expected to aid in the finding of the F-4, may be ready for use soon. The bell is a fifty-four-inch iron pipe, seven feet in length, fitted with glass portholes. It is planned to lower this diving bell with an observer inside connected by telephone with a vessel above. The bell will be moved as directed by the man below until the submarine is found. The observer will then direct the placing of hoisting cables.

SAYS SHE SUED WRONG MAN

Rae Tanzer Swears James W. Osborne Was Not Her Wooer.

New York, March 30.—Miss Rae Tanzer, the dimunutive young factory forewoman who sued James W. Osborne for $50,000 for breach of promise and who was herself arrested by the United States authorities on a charge of using the mails in an attempt to defraud, went before United States District Attorney Marshall and swore that she had made an "honest mistake."

The man she associated with, she told the government officials, was Oliver Osborne. Detectives are engaged in checking up that part of Miss Tanzer's statement which Mr. Marshall declared to be "unbelievable."

Take Passengers Off Sinking Vessel

San Francisco, March 30.—With 300 passengers on board, mostly women and children, including forty-five orphans, the General Frisbie, a small bay steamer, struck a submerged rock 100 yards off the Panama-Pacific exposition grounds and began to sink. Life boats from United States warships anchored nearby promptly took off all hands and brought them ashore.

Turkey Denies Disorders at Urumiah

Washington, March 30.—The Turkish government denies that there have been any disorders at Urumiah, Persia, Ambassador Morgenthau at Constantinople cabled the state department that the grand vizier had informed him on the strength of a report made to him by the Turkish war office.
